

Fitrite™

INDUSTRIAL PRODUCTS

FITTINGS CAMLOCKS & PIN-LUGS

Fitrite™ Industrial Camlock Fittings are a new product line for GCP. These versatile camlocks come in a wide range of sizes and are precision engineered for a seamless fit into any male or female camlocks of the same size. GCP's lines of camlocks are manufactured in either die cast aluminum or brass and designed to provide a consistent seal under pressure in high vibration applications. You can be sure that with GCP there will be a camlock size to meet your industrial needs.
