

COMMERCIAL GRADE SILICONE SOLID RUBBER

Capitalize on YOUR Sales Opportunities with this great GCP product!

From gaskets to tubing, silicone is used in a wide array of production processes. With outstanding resistance to extreme temperatures and excellent insulation properties, silicone is the material of choice for many manufacturers.

Quality Consistency

Our Chinese facility is ISO 9000 certified with a “State of the Art” lab facility & able to produce both food grade and ZZR specs!

Price Advantage

With GCP our customers receive savings **UP TO 30%** per container order. All you need to do is make a minimum order of \$10,000 to receive GCP’s Real Savings Experience!

Risk Free Sourcing

GCP will ship directly to your location from the factory for free, you pay after you receive and inspect it the order, plus GCP will handle any problems at no additional cost!

TYPICAL PROPERTIES	GCP SIL-SS-60	*DIVERSIFIED DSP60CG	*SAINT-GOBAIN Cohrlastic 9006
Durometer (ASTM D-2240) (Shore A)	60	60	60
Tensile Strength (ASTM D-412) (psi) Min	750	600	600
Tear Strength (ASTM D-624 Die B) (ppi) Min	80	80	60
Elongation (ASTM D-412) (%)	300%	300%	300%
Temperature Rang (F)	-80 – +400	-80 – +450	-75 – +500
Color	(Red, Black, Grey, White, Translucent)	Red	Red
Thickness (inches)	(From 1/16" to 1/2")	(From 0.010" to 1")	(1/16", 1/8", 1/4")
